# Business structure

## **Construction**

Construction is the largest industry. Every fourth business and workplace is found within this industry.

## **Food**

The food industry is accountable for a large part of the private employment. Structured are also several larger estates in the municipality.

## **Transportation**

The transport industry is the third largest industry. We expect that it is an industry with great potential. The upcoming Fehmarn Belt connection will further strengthen this tendency.

## **Industrial**

The industrial business makes up 13% of the private employment

## **Entrepreneurship**

Approximately 120 businesses are established each year. This corresponds to an establishment rate of 6%.

# Entrepreneurship

## **Incubation Centre**

Tailor-made growth and incubation process , offering modern workspaces and inspiring start-up environment

- Mentor with tailored expertise
- Mandatory educational program

## **Workspaces for emerging entrepreneurs**

- A free but temporary (6 months) opportunity for potential entrepreneurs, who are considering creating, or just have created, a start-up

# Networking

## **Business network for SME – MikroVirk**

Aim to increase business among "members"

## **Network for Internationalisation – Global Business Vordingborg**

Exporting companies supporting helping new companies to export  
Attracting foreign businesses and investors

## **Network for leaders**

Improve knowledge and dialogue between leaders of both the private and the public sector.

- **Collaboration with companies**
- **Collaboration between companies**

# For foreign companies!

## **Business opportunity for Estonian companies**

### **Business Vordingborg can:**

- Proving advice and guidance in starting up
